

LUX GUARDIAN

UPRIGHT HOME CARE SYSTEM

Clean Your Home with Upright Ease

Nearly every home is host to millions of dust mites. They are the main substance in household dust in your carpets, beds, drapes and air. Factor in everyday pollen, animal dander and other contaminants and you are surrounded by pollutants that can trigger allergic reactions. Vacuuming carpet and other surfaces in your home every week can help eliminate indoor air pollution. Trust the Lux Guardian by Aerus, a high performance, durable product with a specially designed, HEPA afterfilter that can help you achieve a healthier living environment.

Powerful Cleaning

Cyclonic suction prevents clogs to maintain peak airflow, necessary for powerful cleaning.

Automatic Protection

When locked in an upright position, the brush roll will automatically stop to prevent damage to flooring; if an object is entangled in the power nozzle, a circuit breaker automatically shuts off to prevent damage; a thermo coupler protects the motor by shutting down if it overheats; and the Guardian will not operate without a filter bag, protecting the motor.

Easy Clean Up

The Legacy's vacuum filter bag, exclusively designed for Aerus, is self-sealing so that no captured dirt or dust can escape.

Filter Bag Performance

Ultra filtration vacuum bags provide four times better filtration than previous 4-ply designs. Tests show 94% efficiency at capturing particles as small as 0.3 microns.

Performance Indication

An electronic display on the power nozzle, the System Performance Indicator, keeps you on top of performance particulars, such as when a new filter bag is needed or if something is entangled in the power nozzle.

No Worries

The Lux Guardian features a 10-year limited warranty to protect your investment.

Cleaner Air

Airborne contaminants are captured by a HEPA filter to remove 99.97% of allergy and asthma causing particles, as small as 0.3 micron, from the air.

Ease of Use with L-Shape Design

The power nozzle self-adjusts its height between different types of carpet and the unique, low profile L-shape provides 4-sided cleaning around table and chair legs. Also equipped with a headlight.

Convenient

The deluxe accessory kit includes an electrified hose and all the tools you need to clean your entire home. The Sidekick®, a mini power nozzle, is perfect for cleaning upholstery, bedding and more!

Control

A switch on the handle turns off the brush roll for use on hard surface flooring.

WORRY FREE
10-year limited warranty

Also includes extra, easy-to-install genuine Aerus Home Solutions filter bags!

Convenient accessory storage case is also included.

LUX GUARDIAN

UPRIGHT HOME CARE SYSTEM

SPECIFICATIONS

electrical rating	8.5 amps at 120 volts AC 60 HZ

Featuring a Complete Assortment of Accessories

Electrified Hose – Durable hose bends to reach all areas for cleaning

Sidekick® – A mini, motorized power nozzle useful in cleaning stairs, bedding, car interiors, and more!

Combination dusting/upholstery tool – Soft bristles protect your furniture and delicate surfaces, while adjustable wings allow for improved cleaning of upholstery or fabrics.

Crevice tool – Perfect for narrow, hard-to-reach areas such as bookshelves, between couch cushions and car interiors.

Wands (2) – Two wands are included to provide longer reach for the taller jobs, such as ceiling fans.

The First Name in Healthy Homes®

From 1924 through the turn of the century, we were Electrolux, the clear leader in home cleaning throughout North America. Now, we're Aerus, a new name for a new generation of products and services designed to help make your home a Healthy Home. All backed by performance so legendary, over 99.8% of our customers recommend Aerus to their friends and family.
